EXPERIENCE

NO TECH EXPERIENCE YET

Facility Director

Club West Inc. / Workout West - Greeley, CO February 2020 to August 2020

This was a temporary position in order to help with the family business for a few months to ensure a transition into retirement for my father. I assisted with many aspects of the business, including handling membership inquiries to mopping the floors and disinfecting equipment. I worked on the restructuring of the company, cutting unnecessary expenses and streamlining operations. I oversaw the disbursement of PPP funds during the COVID shutdown and also managed the reopening once the shutdown orders loosened.

Outreach Director

The React Foundation / Platinum Cannabis / Therapy Tonics - San Diego, CA July 2018 to February 2020

As Outreach Director for the cannabis non profit, The React Foundation, my duties included working directly with ownership to form The React Foundation, a non-profit dedicated to supporting a variety of causes, which, through the sale of our special edition cartridge box line, donated tens of thousands of dollars to many organizations. I spent most of my time interfacing with the public and prospective charities that our foundation identified for donations/fundraisers.

As Compliance Officer for Therapy Tonics (which at the time was a Platinum Cannabis brand), I was in charge of reviewing all regulations released by the BCC, CDPH, and any Federal Regulations pertaining to cannabis. I also reviewed test results, batch stickers, packaging, and relabels, to ensure all products leaving the facility were 100% compliant.

As Lead Brewer for Therapy Tonics I was in charge of managing the daily production line in accordance with the Brewmaster's plan for the week. My duties included finalizing the production math for that day's recipe, weighing out the dry and wet ingredients, sanitizing bottles for the batch, and assigning roles on the production line to our team members each day.

SKILLS

Proficient in:

- HTML5
- CSS
- JavaScript
- DOM Traversal
- jQuery
- Node.js

Backend Skills to Come!

AWARDS

No Tech awards yet but... I was recognized twice as Employee of the Month while working for FedEx.
